JARISLOWSKY FRASER
GLOBAL INVESTMENT MANAGEMENT

Investment manager overview

Jarislowsky Fraser is one of Canada's leading independent investment management firms. Founded in 1955 as a research boutique, Jarislowsky Fraser today manages the portfolios of pension funds, foundations and endowments, corporations and individuals in Canada, the United States and internationally. It has offices in Montreal, Toronto, Calgary, Vancouver and New York Ci. Its investment philosophy and low-risk approach are built on a foundation of time-tested conservative principles and more than 60 years of fundamental research. Its history and culture are rooted in investment stewardship, which is expressed through an adherence to high-quality investing, a long-term investment horizon and the advancement of good governance and sustainable investing.

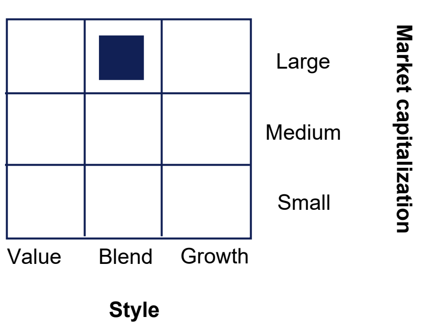
Investment philosophy

The firm’s primary goal is to grow capital in a low-risk manner. Since its inception, Jarislowsky Fraser has adhered to the belief that superior long-term performance is achieved by investing in high-quality businesses with attractive earnings prospects and reasonable valuations. Its decisions are based on fundamental research, with an investment horizon of over five years. Equally, it believes that strong, ethical management teams and good governance practices invariably deliver excellent long-term performance. This investment approach has produced consistent returns through changing economic environments and has been particularly effective in minimizing the volatility prevalent in today’s global markets.

Investment process and risk controls

The foundation of Jarislowsky Fraser’s investment approach is an emphasis on in-house fundamental research, which provides the framework for risk management of equity and fixed income investments. Securities of companies that the firm believes to be speculative are avoided. Strict internal policy guidelines limit the maximum exposure allowed to any company or industry. Its bottom-up investment process focuses on firms that are regional or global leaders in their industries, and each investment candidate must meet four criteria to be considered for purchase: Competitive advantage; strong management; sustainable growth in earnings and cash flow and sound balance sheet; and reasonable valuations. The firm has an Investment Strategy Committee (ISC) that acts as a central risk and investment oversight body. Its main objective is to ensure continuity in the adherence to the firm’s fundamental, low-risk investment philosophy and disciplined investment process. The ISC is the final level of oversight to ensure that proper due diligence was performed and that the investment thesis is sound prior to the addition or removal of a company from the approved list.

Equity style[2]



[1] GARP (Growth at a reasonable price)

[2] Style represents the aggregate characteristics of the underlying holdings within this model. Market capitalization measures the aggregate market value of the outstanding shares of a company. Large-cap stocks are defined as the group that accounts for the top 70% of the capitalization of each geographic area; mid-cap stocks represent the next 20%; and small-cap stocks represent the balance.

The return data is as at December 31, 2025. Indicated rates of return are historical annual compounded total returns including reinvestment of all distributions for the period ended, and do not take into account management expenses, account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns.

The information contained in this report was obtained from sources believed to be reliable; however, we cannot guarantee that it is accurate or complete. The Custom Managed Portfolios is distributed by Aviso Wealth Inc. Mutual funds and other securities are offered through Aviso Wealth Inc. Referral fees, commissions, management fees, and expenses all may be associated with managed accounts or the investments therein. Please read the prospectus before investing. Managed accounts, and the investments therein, are not insured nor guaranteed, their values change frequently and past performance may not be repeated.

[5] The benchmark is 50% S&P/TSX Composite TR Index; 50% S&P 500 TR Index (CAD)

Aviso Wealth Inc. ('Aviso') is a wholly owned subsidiary of Aviso Wealth LP, which in turn is owned 50% by Desjardins Financial Holding Inc. and 50% by a limited partnership owned by the five Provincial Credit Union Centrals and The CUMIS Group Limited.
