What Does The Fund Invest In?

The Fund invests primarily in equity and equity related securities of larger companies located in developed countries outside of Canada and the United States, primarily in Europe, Australasia and the Far East (EAFE). Treasury bills or short-term investments, not exceeding three years to maturity will also be used.

Investor Suitability

Investors seeking long-term, above-average growth who can tolerate equity volatility. Medium risk.

Investment Strategy

In order to achieve its investment objectives, the Manager systematically creates a broadly diversified portfolio of wealth-creating companies with excellent management teams bought at discounts to their intrinsic values. The Manager employs a highly disciplined, research-driven, bottom-up process and long-term holding period to allow for investor recognition or corporate growth, and to minimize transaction costs.

This document is for information purposes only. Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the fund facts and the prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated. Mawer Funds are managed by Mawer Investment Management Ltd. Mutual fund securities are not covered by the Canada Deposit Insurance Corporation or by any other government deposit insurer.

Mawer Mutual Funds do not have trailing commissions. If you purchased units of the Mawer Mutual Funds through a third-party dealer, you may be subject to commissions or additional sales charges. Please contact your dealer for more information.
